

Sheila Hugh Mackay Foundation Annual Facilitation Grant Program 2022

Grants of \$2000 to \$10,000 are made available annually to New Brunswick based visual arts organizations or collectives to support one of a kind projects aimed at fostering new initiatives in the province of New Brunswick. They are awarded on the recommendation of independent assessment panels who review all information submitted in this application.

In 2022, based on community input and strategic review, the Sheila Hugh Mackay Foundation will consider proposals in each of the following target areas:

- Career development grants to facilitate human resource development in New Brunswick arts organisations serving the visual arts
- Innovative youth programming in Visual Arts for New Brunswick youth
- Building resources and infrastructure in New Brunswick art organizations (this encompasses both physical and electronic initiatives)
- Public art initiatives

These grants are competitive and only one project in each of the target areas will be selected for a 2022 Sheila Grant.

Organizations must select one category, since only one application per year from an organization will be accepted. Independent jury panels will adjudicate all applications and advise the Board of Directors on the most compelling project in each target area.

Based on available resources in any given year, SHMF is committed to investment in projects that adhere to the following principles:

- A credible concept or idea that is innovative in nature and unrelated to regular operating costs
- Measurable goals, implementation strategies and evaluation criteria
- Leadership and expertise
- Viable financial plans
- Understanding of contemporary art issues in New Brunswick
